Fencing Without Boundaries™

THE PERFORMANCE COLLECTION

Protection, beauty and endurance come together.

Perfect for ranches, fields and farms...or even if you just seek a rural appearance for your residential borders. With low maintenance, the Equestrian™ PVC range is considerably lower in cost when compared to a traditional wooden fence maintained properly. Equestrian™, installed professionally, is designed to withstand the rigors of rural life and is offered in a variety of styles and colors to fit your personal requirements.

Note 2: All posts have a wall thickness of 0.160", except Ranch Rail "Impressions version" which uses a 0.135" wall thickness.

Note 3: Ranch-rail style gates are available in 4'/6'/8'/10' widths for all Ranch Rail heights.

Note 4: Crossbuck "between rails" dimension is between the top and bottom horizontal rails.

Note 5: "Impressions" version is a value version of the premium Ranch Rail product (reduced rail/post wall thickness).

All materials meet ASTM 964-02 standards for PVC fencing application.

From top:

- 3 Rail ranch
- 4 Rail ranch
- Split Rail
- Crossbuck

Our pledge of maintenance freedom

Master Halco warrants the original consumer purchaser that Equestrian fence systems are free from defects in material or manufacturing workmanship. As a result, these products will not peel, split, flake or blister.

Furthermore, Master Halco warrants that these products will not require the painting and traditional maintenance associated with fencing manufactured from raw materials other than PVC. Nor will they exhibit abnormal weathering, discoloration, brittleness or insect damage.

Be sure to ask your fence contractor for a full written copy of your Lifetime Limited Warranty at the completion of installation.
